

Southwest Cattledog Association Score Sheet

TRIAL NAME: _____

CLASS: _____

DATE: _____

How to figure results:

1st – Total Points – Largest to Smallest

2nd – Total Time – Smallest to Largest

3rd- Timeline – Smallest to Largest

The timeline is used for the tiebreaker. For example: If every dog/handler has the same amount of time and points you will revert to the timeline to figure the fastest. Usually the Timeline in the course is the first obstacle (when the last cattle tail clears).
